1. United States of America    2. Pennsylvania

You live in the country of the United States of America. It is a country made up of 50 states. The state you live in is called Pennsylvania.

Look at the map of Pennsylvania on the next page. See the shape of your state. It is an oblong shape. Look at the upper left corner of Pennsylvania. See the extra piece of land? That piece of land is often called the "chimney corner" of Pennsylvania. On the edge of this piece of land is Lake Erie. It is a big lake. Lake Erie is one of the five Great Lakes of the United States.

Look on the right side of the map of Pennsylvania. That wavy line is the Delaware River. The Delaware River makes the eastern boundary line of Pennsylvania.

Across the Delaware River is the state of New Jersey. To the south of Pennsylvania are three states. These states are West Virginia, Maryland, and Delaware. To the north of Pennsylvania is the state of New York. To the west of Pennsylvania are the states of Ohio and West Virginia.

Where do you live in Pennsylvania? Do you live in a city? Do you live in a town? Or do you live in the country? Find the county where you live on the map of our state on page 3.

**Sailing on Lake Erie**

*Lake Erie is used for recreation. Sailing, fishing, and swimming are some of the water activities. Lake Erie is also used for shipping goods to other places.*
